it down, I kept saying to myself "ok...just one more page" but it was just too good to stop reading. I felt like I was a fly on the wall at each date or Lillian's good good girlfriend getting the scoop lol!! I really liked that, in addition to the hilarious details about each date, the author also gave her lessons learned from the dating experiences. I particularly loved how the book segued into Lillian's happily ever after giving advice, hope, and encouragement to single women in their waiting season. Ladies, get this book...You're going to love it!! It would also be a great topic for ladies night discussion!1 of 1 people found the following review helpful. Grab some popcorn, pour yourself a glass of champagne, and prepare for a ride.By Dana Kristina-Joi MorganGrab some popcorn, pour yourself a glass of champagne, and prepare for a ride. Her descriptions of her dates (and the texts that she sends to her girlfriends about it) is both entertaining and authentic. You will laugh, you will want to cry (girl I can't believe he did that) and you will be on the edge of your seat as you take a journey with her for some of the most horrific dates ever and the lessons that she has learned.This book is perfect for group discussions (There are even discussion questions in the back.)I highly recommend this book!

Have you ever had an incredibly horrific first date? Well, Lillian Prince has had a few ten to be exact. And thankfully, she, her decades worth of journals, and an old Hotmail account overflowing with Girl, you won't believe this! emails are here to tell the you've-got-to-read-it-to-believe-it stories. In this honest, hilarious, and heartfelt reflection of dating in her twenties, Lillian takes you along for a walk down her memory lane as she recalls 10 eye-opening moments, 10 red flags, and 10 of the worst dates she's ever been on. Whether he was short on cash or just shorter than he said he was in his profile, Lillian puts her comical spin and a real perspective on a not-so-funny time in most women's dating lives. With candid advice for any woman who feels the pressure from the proverbial almost-thirty clock, *10 Dates Later* is like curling up for girl talk with your best friend, while the guy you vow to never see again calls on the other line.
