By BrandonI downloaded this when it was free on the Kindle Fire for a brief moment, but I want to make it absolutely clear: after having read it, it is well worth the purchase, and you should not hesitate to do so. Each small write up is only a few pages at most, and you can quickly

and easily read a handful here and there. At some points I would read a section or two in a few days and other times I would sit down and go through 30 or so pages. Each write up brought back fond memories of the films I have seen, and when I read something outstanding about a film I have yet to see, I added it to my list of movies to watch and will eventually get to. Nell Minow clearly writes as a true fan of film that is sitting with you at a table just 'hanging out' and discussing things, and for a book like this, it works wonderfully. Again, if you consider yourself even a small fan of films, this is a must buy and worth every penny. 1 of 1 people found the following review helpful. Essential Guide to Movies By nada A Must-Read Movie Guide. Who knows better than Nell? She aptly encapsulates the moments and provides trivia and other tidbits. Great fun to read. 2 of 3 people found the following review helpful. A Treat to Read By CRR What a treat to have this book of movie moments from Nell Minnow. I started to follow her reviews so that I would learn about movies for my now 6 year old son. But I've grown to count on all her reviews. This book has any number of wonderful stories about favorite movies of mine. And now I'll have some to add to my queue! If you enjoy intelligent discussion of film, with a light touch, this book is for you.

Great moments from neglected movies and neglected moments from classic movies -- movie critic Nell Minow (known as "The Movie Mom") describes 101 must-see movie moments that illuminate cinematic story-telling, from the DBTA (dead by third act) character there to give the hero a learning experience to the unexpected on-set "mistakes" that turned out better than the script.

About the Author Nell Minow reviews movies and DVD/Blu-Ray releases each week as The Movie Mom at moviemom.com and on radio stations across the US and in Canada. She is the author of The Movie Mom's Guide to Family Movies and the Must-See Movie series.
