Of course, its not really appropriate for his office so he keeps it on his bedside table so he can start each day with a little humor. 0 of 0 people found the following review helpful. hilarious By asI bought this as a Christmas gift. It is still the best thing that ever happened to the office staff, who look forward to the daily examples of "what not to do" when you shop at Walmart 0 of 0 people found the following review helpful. Pictures are small By ParkernI bought this for a white elephant gift. It's a funny calendar, but the pictures are small. They take up maybe 40%-50% of the square page. I don't know why they didn't make them take up the majority of the page. I flipped through part of the calendar before gifting it, and it was kind of just annoying to look through because each picture was so small, I think I only looked through about 30 pages before I lost interest.

Experience a new (totally hilarious) Walmart shopper each and every day, with this full-color boxed calendar!

Featuring the most outrageous content and photos, this calendar is sure to appeal to fans of the site (62 million unique monthly visitors, over one million Facebook fans, and 38,000 Twitter followers) and pick up some new fans along the way.
