Stephanie Tomlinson : 365 Days of Dumb.....An Unending Exercise in the Acquisition of Stoic Resignation before purchasing it in order to gauge whether or not it would be worth my time, and all praised 365 Days of Dumb.....An Unending Exercise in the Acquisition of Stoic Resignation:

0 of 0 people found the following review helpful. Five Stars By Mack daddy diesel man Hilarious! Worth every red cent I spent on this! 0 of 0 people found the following review helpful. Five Stars By Zoey H. Stephanie: you crazy B...

thanks for the entertainment!0 of 0 people found the following review helpful. A great, entertaining read.By G21A really well written series of vignettes. Stephanie is Erma Bombeck with an attitude/edge and I look forward to reading more from her in the near future.

365 Days of Dumb.....An Exercise in the Acquisition of Stoic Resignation is a humorous look at life through the eyes of an abrasively irreverent and middle-aged woman who has spent her life dealing with the consequences of being impatient, impulsive, and seemingly blissfully unaware of the consequences of her myriad and prone-to-disaster actions. It describes in short snippets situations common to all people, the mundane and oft-boring life events we all share, and just how hilariously sideways they can go.....events such as landscaping and gardening, home repair, dating and sex, also family relationships, movie reviews, diets, exercise, you name it, it is here. The author completely lacks tact, a filter, and any consideration of the opinions of others. This book is no Pulitzer, it does not even have page numbers (because the author got so vexed at printing and reprinting and uploading it that she cried Uncle), but it might just make you giggle until you fart.....and if not, it will make a great source of kindling for any fireplace you might wish to throw it in while regretting the day you decided to purchase it.
