Martin McDonagh : A Behanding in Spokane - Acting Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Behanding in Spokane - Acting Edition:

Some of the greatest comic moments come from when high-stakes situations run into very petty roadblocks -- e.g., a potentially gruesome murder gets derailed by a longer-than-expected phone call with Mom. This play had made me burst out laughing just from the words on the page, I can only imagine what it would be like staged. The only concern I have with the script is that the characters

tend to repeat themselves a lot, especially to convey information to other characters who were offstage the first time the information came up. In a staged production, it would be important to vary the tone and intent of these re-tellings, so those bits stay interesting and don't just get repetitive. Also, reading about the originating cast, it is hard not to associate the character of Carmichael with Christopher Walken. You can easily imagine Walken's cadence running through every line of that character, and it might be tempting for other actors to just imitate Walken, rather than find the character afresh. I would recommend groups looking to put on this play to think hard about the kind of actor they want to cast in this part and the kind of performance they are seeking from it. All of that said, this play moves very fast, is very funny, and grips you from the opening scene to the end! Five stars. 0 of 0 people found the following review helpful. Five Stars By STORYTELLER Funny and violent as only Martin McDonagh can achieve. 0 of 0 people found the following review helpful. A rare McDonagh play that takes place outside of Ireland By Daggie Oh This play has less reveals then most of McDonagh's other works, but it makes up for that with dark humor, interesting banter, and as always - high stakes. I've read all of McDonagh's plays and this one lives up to the rest. It's hard to give anything of his anything less than a 5 out of 5. Instead I am inclined only to give some of them a 6 or seven out of 5. Personally I think that McDonagh has raised the bar for all modern play-writes.

A dingy motel room. Small-town America. Carmichael travels with a suitcase full of hands, but he wants his own back. Toby has a hand that he'd like to sell Carmichael for the right price. Marilyn wishes that Toby had never stolen that hand from the museum. Mervyn thinks Marilyn is pretty hot. He works reception, though he wouldn't call himself a receptionist. Life and death are up for grabs, and fate is governed by imbeciles and madmen in this darkly comic new play from the acclaimed playwright Martin McDonagh. *A Behanding in Spokane* turns over American daily existence, exposing the obsessions, prejudices, madness, horrors, and, above all, absurdities that crawl beneath it.

About the Author Martin McDonagh is the author of seven plays, including the Tony Award-nominated *The Beauty Queen of Leenane* and *The Pillowman*, and of the screenplays for the Oscar-nominated film *In Bruges* and the Oscar-winning short *Six Shooter*.
