Rufus Sheepdog : A Dog's Life: A leading expert offers insights into the inner workings of your dog's mind.

before purchasing it in order to gage whether or not it would be worth my time, and all praised A Dog's Life: A leading expert offers insights into the inner workings of your dog's mind.:

4 of 4 people found the following review helpful. Cute novelty book...By Teacher MomThis book is clearly a gag sort of book....it talks as if it is an in-depth view (which you expect to be silly, given the author's photo) and then it is

essentially blank except for repeating thoughts of various things....the message being that a dog's inner life is pretty simple :-) The author suggests that it can be used as a journal or as a photo album for your pet. The photos are black and white, but there are some cute ones! Overall a fun, light-hearted volume....Update: I found an ebook version of this same book for \$1 with color photos!:) [...]-go to the store!1 of 2 people found the following review helpful. Not worth the purchase priceBy Mary Karen McHattieNothing about this book is interesting the single page photos are repeated many times and they are fuzzy! I am so disappointed -after reading the previous review, I thought I'd give the book a chance. As a long time OES owner/lover of many OES dogs and purchaser of many OES books, I've got to say this book is the worst I've ever read..

Dogs have long been considered man's best friend. But how well do you know your four-legged companion? What goes on under that mop of hair, behind the big adoring eyes is there some deep significance to all that tail-wagging, slobbering, chewing, and barking?One of the foremost experts on canines, Dr. Rufus A. Sheepdog shares his findings from years of study of America's favorite pet-the dog. This in-depth look into the complex workings of the canine mind will astound and thrill you. With time, effort, and a thorough reading of this book, you might just begin to understand the depths of your dog's mind!"A most insightful work! Dr. Sheepdog really knows his subject!" -Jack Russell"Never before has a book delved so deeply into the heart of our canine friends-what a masterpiece!" -Ben Ji, actor
