I'm mostly trying to get the scenes with Otto and Wanda stuck in my brain. Mummy told me that it was too small to be a screenplay or something like that. My copy looked like brand new except that I removed the stickers and the old price tag. I recently played the movie and read this at the same time so that I would know which scene comes next and what's going on. I'm about to have 2 more screenplays and they left the warehouse. 1 is Good Will Hunting and the other is The Wizard of Oz. But I set the Good Will Hunting Screenplay to one day shipping in time for our long road trip to Austin. Thought this would also be easier if a screenplay was published into a book than it is to read a screenplay online or on the computer. On to where Otto was trying to apologize and we hear glass breaking, there were some pictures and they were stunning.0 of 0 people found the following review helpful. Excellent Screenplay made me laughBy Twinzin84Fish Called Wanda is a brilliant script with some very funny moments in it. While reading it I couldn't hold my laughter when I still knew what was about to happen. It's one of those scripts that gets you're attention right away.0 of 1 people found the following review helpful. The funniest crime caper ever !By A CustomerThis is the way that real comedies should be written, acted, and directed. Who knew that this farce came from the founding fathers of Monty Python. A true comic smash filled with breakthrough performances especially from the talented Kevin Kline who won the Oscar for Best Supporting Actor! You should see it!

Complete screenplay from this outrageous comedy. " Wanda defies gravity, in both senses of the word, and redefines a great comic tradition." Time "The meanest, most consistently hysterical film in ages ... the writing is sharply pointed and delightfully irreverent." Gannett Newspapers
