As the play progresses, I thought I knew what was happening...what was developing...but there were several surprises along the way...including an ending that changes how I perceived the entire action of the play. Overall, an extremely enjoyable story for the stage.

Written for the theatre, *A Woman and a Suitcase*, is a contemporary play with witty, sharp banter between complete strangers. In this dark comedy, Doris and Henry meet for the first time at a light rail platform. While waiting for the next train to arrive, bizarre antics start to develop, leaving the audience to ask, What the heck is inside the suitcase?
