Peter Carlaftes : A Year on Facebook before purchasing it in order to gage whether or not it would be worth my time, and all praised A Year on Facebook:

1 of 1 people found the following review helpful. Peter Carlaftes: Where The Pun Never SetsBy Dougie WellsPeter Carlaftes is (I'd say) a writer, poet and humourist, who lives in New York City, and has done something probably most of us thought about but never actually made reality: a record of a year of Facebook.The book is basically a record of Peter's postings on his profiles over his first 12 months on Facebook - responding to all sorts of stuff in the news, or just his fevered imagination working overtime - as well as the resulting comments on his profile from Facebook

friends (of which I am one). If you enjoy a good or bad pun, then this book is for you. If you don't enjoy a good or bad pun, then this book is still for you, because there is something terribly lacking in your psychological make up, and *A Year On Facebook* has the remedy for you.

"*A Year on Facebook*" by Peter Carlaftes (184 pages, Three Rooms Press, 2010) is a comical trajectory through the chronological events of the past year via daily updates from the insightful and irreverent pontiff of pun: Peter Carlaftes. Call it Groucho Marx meets Kurt Vonnegut and they become BFFs in this irreverent, hilarious book. In this day of the tell-all journal, Carlaftes' book, exposing the foibles of our seemingly civilized sensibility, reveals both how and like it is. Iconic from conception, "*A Year on Facebook*" is a one-of-a-kind literary experience that raises the bar for the idealist in us all. As one commentator summed up, "I wonder if you know, Peter, how many times you make me laugh out loud with your status updates. Guess it doesn't matter. Just keep me laughing, please. :)"
