Edwin Torres : After Hours (Film Ink) before purchasing it in order to gage whether or not it would be worth my time, and all praised After Hours (Film Ink):

2 of 2 people found the following review helpful. Absolutely highly recommend if you like Carlito's Way!!!By SaraiThis is a book about a story of the streets in NYC around the 70's. It has violence and romance. Bought this for a close friend that loves the movie Carlito's Way based on this book. So I decided to surprise him and he loved it!!! Absotutely highly recommend!!!2 of 2 people found the following review helpful. Riveting ExcitingBy Raul

Torres Fortunately, I was able to watch the film "Carlito's Way" before I read After Hours. I truly enjoyed the film but I'm in love with book!!! The book was excellent with detail, action, humor, exceptional phrases and memorable chapters. I highly recommend any fans of the Carlito's Way to sit down and read After Hours. 0 of 0 people found the following review helpful. Wanted to like this book but struggled to get through the writing ...By paul cantor Wanted to like this book but struggled to get through the writing style, which is far too loose and frankly hard to keep up with. The pacing, the rhythm; just not for me, personally. It tries to move fast but in doing so winds up all over the place.

Older and wiser after five years inside, Carlito Brigante, Puerto Rican heavy hitter and drug dealer is looking to slow down, maybe get out of the whole scene. But as a name with a rep to uphold it's tough, and Carlito needs to pull in some money somehow.

From Library Journal These books, from 1979 and 1975, respectively, are often described as a Puerto Rican Godfather, as they follow the rise and fall of Carlito Brigante from street punk to mob boss. The volumes were combined in director Brian DePalma's feature film Carlito's Way, starring Al Pacino. Copyright 1999 Reed Business Information, Inc.
