Catherine Nichols : Alice's Wonderland: A Visual Journey through Lewis Carroll's Mad, Mad World before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alice's Wonderland: A Visual Journey through Lewis Carroll's Mad, Mad World:

0 of 0 people found the following review helpful. Five Stars By Julia. Noonan Ms Nichols has done an excellent job here. Great for anyone interested in Alice in Wonderland. 10 of 10 people found the following review helpful. Stunning, A Must for 'Alice In Wonderland' Fans and Collectors! By Teddy This book is an in depth look at how the book and characters have been adapted many times over and over in books, art, movies, animation, theatrical performances, etc. I have a confession to make, when I get a book like this, I always have to look at all of the pictures before I read it. These pictures are stunning! While I was leafing through it I ran across a picture of a theatrical performance. It took me a moment to realize that the girl playing Alice, was a very young Meryl Streep. I read the caption and sure enough, it was her! It was from Alice in Concert, 1980/81. I was in high school back then. I am

willing to guess that this book has the most coverage of everything Alice In Wonderland available! It is a must for any Alice In Wonderland fan or for a collector of Alice In Wonderland memorabilia! It would make the perfect gift!² of 2 people found the following review helpful. Visually Wonderful with Ton's of Great Information About AliceBy Steve 1967Wow!I admit to being a latecomer to Alice In Wonderland. I always loved the story, but didn't know that much about it beyond that. I've never seen the Disney movie, never knew about other adaptations, etc. This book takes care of that! Very in-depth...you'll discover a lot about how the book was written (did you know this year is the 150th anniversary?), the movies, other adaptations, TV, basically, all-things Alice! And of course, visually, its amazing!

Alice's Wonderland dives down the rabbit hole and looks at the dazzling ways that Wonderland has been imagined by artists, filmmakers, writers, and more. Get a behind-the-scenes look at how the books were created, meet Alice Liddell, the inspiration for the fictional Alice, and view the original manuscript copy of Alice in Wonderland, illustrated in Carroll's own hand. The fantastical world imagined by Charles Dodgson (aka Lewis Carroll) - where a white rabbit carries a pocket watch, a crying baby morphs into a squealing pig, and a flamingo is used as a croquet mallet - has inspired countless artists to produce some of their best work. Illustrators such as John Tenniel, chose to tackle the work directly, producing illustrations, films, and shows that strive to accurately depict Wonderland. Others, such as artist Salvador Dali and director Tim Burton, freely adapted Dodgson's creation, using it as a springboard for their own incredible interpretations. Lushly illustrated paintings, artwork, and sketches, Alice's Wonderland explores how artists in different fields like art, music, theater, film, and more have interpreted Carroll's works through the ages. A must-have book for any Alice fan.

"Lewis Carroll's Alice in Wonderland is one of the great works of children's literature. Catherine Nichols explores the legend in the lush and exhaustive Alice's Wonderland" - Campus Circle
