Will Hanson : All Women Are Bitches: A Handbook for Men before purchasing it in order to gage whether or not it would be worth my time, and all praised All Women Are Bitches: A Handbook for Men:

0 of 0 people found the following review helpful. Very numerousBy A CustomerI like the book because it made me laugh and was very well put together. I would recommended it to my family and friends.Will Hanson is a funny guy.

All Women Are Bitches is a short, historically factual, very irreverent and slightly biased account of the relationships

between women and men and their connection to religion. Although this is clearly meant to be a handbook for men, it is dedicated to all the beautiful women who inspired me to write it. I realize that many of you will understandably be quite upset with me and think that only an asshole would write a book with a title like this. You could be right about that, but please don't rush to judgment. Do you really think I spent all this time and effort to be known as the asshole who wrote a book? The contents might surprise you, and if you take the time to read the entire book, you may change your opinion. I'm actually very loveable. And ladies, if you do decide to read this handbook for men, there is a section near the end where I offer you some helpful advice that you may be able to use in the future. And dont get all negative on me before I even start; Im not telling you what to do because I know better. Im only offering advice. When I decided well over a year ago to write a book, I wasn't really sure what to write about. My initial thought was to come across as likeable and for the book to be entertaining, easy reading, and non-offensive. Obviously that didn't happen. Days went by and I had nothing, so I wrote this instead.
