From Brand: John Libbey Publishing : Animated Worlds before purchasing it in order to gage whether or not it would be worth my time, and all praised Animated Worlds:

What do we mean by the term "animation" when we are discussing film? Is it a technique? A style? A way of seeing or experiencing "a world" that has little relation to our own lived experience of "the world"? In Animated Worlds,

contributors reveal the astonishing variety of "worlds" animation confronts us with. Essays range from close film analyses to phenomenological and cognitive approaches, spectatorship, performance, literary theory, and digital aesthetics. Authors include Vivian Sobchack, Richard Weihe, Thomas Lamarre, Paul Wells, and Karin Wehn.
