**Susan J. Napier : Anime from Akira to Howl's Moving Castle: Experiencing Contemporary Japanese Animation** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Anime from Akira to Howl's Moving Castle: Experiencing Contemporary Japanese Animation:

0 of 0 people found the following review helpful. Don't buy this Kindle version!By Atomic DuckThe book was fine but the Kindle version was terrible. Quite a few words in the Kindle version were broken into two or three parts like this. The font and size of the text were also not consistent at all. Sometimes I got this one word that's in say, Cambria and font 18 while the rest was in times new romans font 12. It's super annoying. Plus, the pictures in the book showed up as white blanks in the Kindle edition. I wish I had bought the hard copy instead.0 of 0 people found the following review helpful. good delivery, good condition, not bad.By JoshI bought this years ago for a college class I was taking, but I do remember the book being in solid condition when I bought it, and the book itself being a interesting read. I find myself skimming through it from time to time.0 of 1 people found the following review helpful. Five StarsBy Emily L.Arrived in good time and as described.

This new edition of the groundbreaking popular book is a must-have for both seasoned and new fans of anime. Japanese animation is more popular than ever following the 2002 Academy Award given to Hayao Miyazaki's Spirited Away. It confirmed that anime is more than just children's cartoons, often portraying important social and cultural themes. With new chapters on Spirited Away and other recent releases, including Howl's Moving Castle--Miyazaki's latest hit film, already breaking records in Japan--this edition will be the authoritative source on anime for an exploding market of viewers who want to know more.

...A thoughtful and carefully researched account. The New York TimesNapier draws a rather complete picture of Japanese animation as a legitimate art form, and uses anime as a key to the culture that creates it. Entertainment WeeklyThis worthy addition to the burgeoning literature on Japanese popular culture will stand the test of time. ChoiceThis is a riveting and inspiring book, one that I have thoroughly enjoyed reading and from which I have learned a great deal. As a source of concrete information about Japanese animation it is invaluable. Sharon Kinsella, Cambridge UniversityInformative, well-written, and yet entertaining...both generous and critically insightful. Sharalyn Orbaugh, University of British ColumbiaAbout the AuthorSusan J. Napier is Professor of Japanese Literature and Culture at the University of Texas, Austin.
