**Louis Malle : Au Revoir Les Enfants (Folio) (French Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Au Revoir Les Enfants (Folio) (French Edition):

3 of 3 people found the following review helpful. Great dialog, funny, sad, thought provoking - all in French By

coupeThe screenplay is written in street French. The actors follow the script perfectly. Watching the movie is hard, because French people talk fast, and many French words all sound the same. You really need to know context as to which sound goes with which word. Aha! This was great to read the book first, then watch the movie. It all made sense to a French 101 student. The movie is excellent, and even with no understanding of French you will know what is going on. Following the dialog then makes it so much better. You can turn the subtitles off! As a French student I found all the dialog to be enlightening as to how to say "Je n'peux pas" instead of the long winded "Je ne peux pas," and many other simplifications. This book is a keeper!0 of 0 people found the following review helpful. Great Buy!By BethThis book came in as I had expected it too be as well as on time! Very happy with this purchase!!0 of 0 people found the following review helpful. good bookBy zoereinsi got this book for school and it was a really good price and it was helpful that it was already annotated in french.

Provides the screenplay of Louis Malle's film about the friendship between a young Catholic boy and his Jewish friend, who is sent off to the Nazi death camps.
