Just one read of Peter Miller's book, "Author! Screenwriter!" will broaden your horizon of writing possibilities. Don't just think screenplay, but consider formating that same story idea into a novel as well. And when you consider the odds, 100,000 to 200,000 books published per year, as compared to only some 1,000 stories produced for all of the Network Television, Motion Picture, Cable and DVD industries, Mr. Miller argues an interesting point. With over 30 years experience managing and producing writers, he gives insights into the industry that few others have even touched upon. Definitely worth any writer's time and money. But regardless of one's writing goals, this book gives that big push every writer needs to encourage perfection and perseverance.

By Monette L. Bebow Reinhard
As a novelist and screenwriter myself, I got really tired of reading that I can be one or the other, but not both. Anyone who aspires to adapt their own book into a movie, or anyone who wants to know the realities of these business scenes, or even if you're just looking for inspiration - I found it here. Thanks, Peter!

By JT MATOUSA
As a Writer/Director/Producer who believes that learning is a lifetime practice, I have truly found a genius teacher, in Peter Miller and his seminal work: Author! Screenwriter!. What an undertaking. Completely accessible, timely--even visionary-- Peter handles the nuts and bolts and lofty dreams of an Author, as only a true Master can. I recommend this work, because it is written from the "inside" for the "outside", and attains that rare, enviable quality, of making the reader feel "inside"--with his/her personal Guide, Peter Miller. I can only express this work as walking through the challenges of the business of writing books and screenplays, with a highly esteemed Guru, and a new, dear, friend. I am excited to continue to learn from Peter's well of wisdom. For me, his wisdom imparts a small sense of security. In Africa, it is said that "The Lion does not turn around, when a small dog barks." When reading this material, one comes away knowing why Peter Miller is known as the "Literary Lion". Author! Not everyone who growls like a Lion, should. Peter Miller should, and does. Just view his website-- A true King of the Jungle. I hope that you will spend your hard-earned dollars well, and invest in self-education, and not just in a literary fad. Buy this book, eat, sleep and drink it--and get to work! I wish you all the Best in your writing endeavors!

'Author! Screenwriter!' provides specific writing dos and don'ts, sample inquiries and examples of success stories for all wannabe authors.
