Fun addition to a baby announcementBy EveThis is a cute little book with funny little cartoons and scripts. My family has enjoyed it and it was a fun way to let my parents know they are expecting a new grandbaby.

The nine months is up and the long-awaited baby is finally here. This time, though, you're not the one with bags under your eyes and the sound of desperation in your voice. Enjoy your grandchild secure in the knowledge that you can hand the puking, pooing little tyke back to its exhausted parents at the end of the day. Now it's their turn to experience all those sleepless nights and panic attacks that the miracle of a new baby brings. This book is full of quirky and humorous advice on dealing with another generation of your family.
