Its okay for its size By joandre summers It's not bright at all you have to place it close to a wall in the dark to see it Imma say about 2 or 3 feet looks cool. If the bulb was brighter it'll be the perfect night light 2 of 2 people found the following review helpful. Super cute, but batteries drain fast By CSS Super cute, but batteries drain fast. Our son desperately wants to use this as a night light, but it's just not gonna happen!

Iconic Superhero Batman, with nearly 100% worldwide awareness, has surpassed 10 billion in consumer retail sales. As *The Dark Knight Rises* hits theaters July 20, 2012, fans can call upon the Dark Knight himself with this replica of the Bat Signal, which lights up to project the iconic winged Batman symbol onto nearby walls, etc. Kit includes a replica of Batman's Bat Signal and a full-color 48-page book of Batman history.
