He can't articulate the language, what makes me think he knows what he's talking about regarding Batman Begins? With any big budget blockbuster comes the inevitable parade of merchandise. Few films other than Star Wars can match the marketing juggernaut of the Batman films. Batman Begins is the long awaited beginning to a new series of Batman films, revived back to life after Joel Schumacher and George Clooney nearly killed the franchise. The official movie guide is a great scrapbook and companion to the film. It features dozens of photographs from the film, absolutely brilliant photography. There are snippets of the script as well as several short pieces detailing Batman's origins, as well as interviews. Not just a throwaway marketing item or a piece of fluff, this is

definitely a collectible you'll want to have. It's informative and entertaining.9 of 19 people found the following review helpful. Just to counter-balance the idiocy of "John Q. Public"By B. GreenIf some people spent half as much time proofreading their reviews as the did spewing bile maybe they wouldn't look like they were written by a disgruntled 8 year old. This is a very informitive look at a great movie. Very highly recommended.

Batman Begins is the most anticipated movie event of Summer 2005. More than 150 photographs are set alongside short essays about the movie.
