Victorien Sardou, Giacomo Puccini, Luigi Illica : La Tosca - Primary Source Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised La Tosca - Primary Source Edition:

0 of 0 people found the following review helpful. Must have for opera-goers, read it before seeing the opera!By Anonymous RogueGreat English translation and print of the Librettos in both Italian and English. The print was a facsimile of an old copy and the text was easy to read with only a few light prints/partialprints of letters present. I read it a week before and was ready for another Puccini classic! It aided in making the opera finale of the season an enjoyable one!1 of 1 people found the following review helpful. It is what it is - the score for ToscaBy Elizabeth KuyperI got what I ordered - I'd wanted the 'classical' greencloth bound book, so I am happy that I got what I ordered; it's more about the lack of info the seller included that I was disappointed in the condition of it - not terrible, but not 'like new' as stated. No idea it was an old library book.So as far as product itself, yep, it's the vocal score. So I'm happy I got what I wanted!9 of 9 people found the following review helpful. quality of the guide adds to opera pleasureBy

John Danaher I enjoyed the entire package, the quality of the cover and the built in bookmarks, the quality paper, the photos and the articles, the literal libretto translation side by side. I'm going to order more opera guides when I'm done enjoying this one.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

These guides, so beautiful to have and to behold, mark a huge advance on their predecessors. I find them essential supplements, not only to ENO and Royal Opera programmes, but to recordings issued on CD which often come without scholarly documentation and a libretto. The performance histories of which I wrote one myself are especially valuable, and not easily accessible elsewhere. - Hugh Canning of *The Sunday Times* For anyone with a keen interest in opera, whatever their level of knowledge, this series remains a benchmark of quality and clarity. The content is serious, reliable and trustworthy, handsomely put together, full of variety and scholarship but always making the practical experience of going to the opera a priority. I return to these volumes again and again and find the updated and new issues absolutely invaluable. - Fiona Maddocks of *The Observer* This uniformly excellent series is indispensable for the serious opera lover, all the more so now that almost all the CD companies have abandoned issuing a libretto with their opera releases, and have such scant background information. The English translations are on facing pages with the original texts, and in all respects the books are helpful and compact, and interestingly illustrated. - Michael Tanner of *The Spectator* I am delighted to see the return of the ENO Opera Guides, bigger and even more authoritative than before. There are authoritative new articles as well as several of the irreplaceable originals, the presentation is very handsome and a decided gain is the brilliantly chosen selection of production images, in colour as well as black and white. The Guides are an invaluable reference for opera lovers at any level. - David Nice of *The Arts Desk*

From the Back Cover In this book you will find: The complete opera on two CDs featuring Renata Scottò, Plácido Domingo, Renato Brunson, and James Levine conducting the Philharmonia Orchestra. The full libretto in its original language and in the English translation annotated with running commentary on the accompanying music. An exciting history of the opera and the composer, a synopsis of the story of the opera broken down by act and scene, and biographical information on the performers. Dozens of photographs and drawings depicting performances, singers, stage sets, and more. Listen. Enjoy. Learn!

About the Author *Tosca* is an opera in three acts by Giacomo Puccini based on the Victorien Sardou's dramatic play "La Tosca". *Tosca* is dramatic and beautiful. To this day it is one of the most frequently preformed operas.
