Maurice Ravel, Music Scores : La Valse in Full Score (Dover Music Scores) before purchasing it in order to gauge whether or not it would be worth my time, and all praised La Valse in Full Score (Dover Music Scores):

What a Wonderful piece By Hermes Camacho I just received the score today and I'm already in love with it. What a wonderful piece! The writing is exquisite and the print is very easy to read. The score itself is durable and, with a little pressing, lies flat on a table or music stand. It's the largest size available (which is what I prefer) and, most importantly to the starving music student, it's cheap! A must for musicians and concert-goers alike.

Ravel originally conceived of his "choreographic poem" *La Valse* (The Waltz) as a tribute to Johann Strauss and "a sort of apotheosis of the Viennese waltz." But this is a waltz far removed from the urbane gaiety of old Vienna. A masterpiece of lush and brilliant orchestration, it is a work of considerable emotional depth in which the initial series of elegant waltzes are transformed into what Ravel describes as "a fantastic and fatal whirling" leading to a powerful, turbulent climax. Now musicians, music students, conductors any music lover can study *La Valse* in this high-quality edition, reproduced from the authoritative Durand original.
