**Helen Nash, David Nash, Shawn Kennedy, Henry Hook : Large Print Cryptograms #2** before purchasing it in order to gage whether or not it would be worth my time, and all praised Large Print Cryptograms #2:

6 of 6 people found the following review helpful. This is a great puzzle!By Karma's MomMy 91 year old mother loves to work the cryptograms and the large print is easier on her eyes. We looked forward to Ms. Nash's new puzzle book and she certainly wasn't disappointed.3 of 3 people found the following review helpful. Loved this bookBy Robert EdingLoved this book! It's huge, but lays nice and flat with the spiral binding. Tons of puzzles, it takes quite a while to do them all. Great value.0 of 0 people found the following review helpful. GreatBy KRI bought this for my mom who is 80+ years old. She always does the ones in the newspaper. She has had a lot of fun with this. The spiral binding makes it easier to use.

Hard on the brain, easy on the eyes! Challenging, baffling, and absorbing, these cryptograms are easy to read in large-size print. The strings of seemingly meaningless letters are actually carefully coded messages that will test and stimulate your wordplay skills. You don't have to be a professional code breaker or super spy to figure them out, and

there's no need to struggle while reading them. All you have to do is enjoy solving the puzzles!
