My grandmother started doing word search puzzles in her 90's, both for something to do and to exercise her mind a little. She always made sure to do one or two every day, so I've seen a lot of word search books. This one is definitely one of the better ones,0 of 0 people found the following review helpful. Not for non Spanish speaking people.By CherryThis specifically for someone who knows Spanish already. It is definitely not for a beginner who do not know what the definition of these words are.0 of 0 people found the following review helpful. Great puzzle book.By Ronald HawkinsGreat puzzle book.
