Great fun and it helps to keep the mind workingBy Dr. SpakExactly as advertised, the puzzle is BIG with lots of room to write in numbers as you go through the process. The only surprise was that even the "easy" puzzles are more difficult that "easy" puzzles I've done before (and I've done 1000's). Great fun and it helps to keep the mind working.1 of 1 people found the following review helpful. WONDERFUL puzzles for Sight Impaired or Lazy EyesBy KomoriThis book was bought for a sight-impaired older friend (94 years old) and was PERFECT! He loves the puzzles and found it really easy to read, finishing them in a month's visit to my family. I bought another volume of this series as well with more complicated puzzles, which he also loves and is still enjoying. Thank you - keep these large print puzzles coming, please!0 of 0 people found the following review helpful.
