1 of 1 people found the following review helpful. Beware!By LindaI bought these for my 82 year old mother who is in a nursing home. She just informed me that she doesn't like them, not only because there are no categories on the pages, the words used are bizarre, and also because these books contain very offensive vulgar words!!! The description of "it's perfect for all ages is NOT true!! Lots of inappropriate/sexually suggestive words.0 of 0 people found the following review helpful.
