first puzzle while she snoozed, it was themed for 'A Streetcar Named Desire' and it was quite nostalgic (I read the play nearly a decade ago in highschool). I really like this word search, the print is huge and it does have the answers on the back of each page should you need it. It also has a mystery word you have to write in which is a fun touch. I would definitely recommend. 1 of 1 people found the following review helpful. large print and interesting theme

If you are looking for a word search book that will keep your interest and bring back some of the memories you have of the 50's, then this is a good choice. It has large printed words which are easy to see, and is a good price for the book. I would recommend this for purchase. 1 of 1 people found the following review helpful. Five Stars

I bought this for my mother who has trouble with small print. She loves it.
