**Gioachino Rossini : Le Siege de Corinth, Ballet Music: Study Score** before purchasing it in order to gage whether or not it would be worth my time, and all praised Le Siege de Corinth, Ballet Music: Study Score:

First heard with the opera's premiere on October 9, 1826 in Paris' Salle le Peletier, Rossini's ballet music has grandually gained in popularity ever since even though the opera itself is only rarely performed now. As with the overtures, this orchestra selection has not been treated very well by publishers over the decades. Part of the problem stems from the composer's own manuscripts which were the product of rapid composing under pressure from opera houses. Many things which were simply assumed by performers of the era from their first appearance and applied to analogous passages weren't by those of later eras. This new study score is a licensed reprint of the superb performing

edition prepared by Howard K. Wolf in 2014 issued in large score and parts by E.F. Kalmus.
