I found myself flipping through the book page after page just to see what was next. Now that I've read everything in the book, I can take each page a day at a time. I recommend this book if you like little known facts in an entertaining fashion.0 of 0 people found the following review helpful. Cute, short sweetBy AcsaFun to have short little reminders of interesting funny facts. Just the right amount of information to brighten up your day.0 of 0 people found the following review helpful. NiceBy A. SalmanHas nice little drawings with every fact. Kid friendly as well. I read it in one day though. A little pricey. I got a used copy, and that worked for me.

Learn Something Every Day entertains and informs readers with illustrations representing such fun-filled facts as: - Charlie Chaplin placed third in a Chaplin look-alike contest - Emerson Moser, Crayola's senior crayon maker, revealed at retirement that he was color-blind - Elvis Presley received a C grade in music class - And much, much more!
