C. "Judge" Johnson : Learn to Play Craps from Part-time Dice Pros before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn to Play Craps from Part-time Dice Pros:

0 of 0 people found the following review helpful. More dice controlBy C. P. HendrixThere are now two schools of craps play: how to maximize your advantage by calculating how to best play against the house and random decisions of the dice, and how to throw the dice in a way to predict a certain outcome. This book tries to explain how to play the

game with or without dice controllers shooting. It gives you a lot to think about, but not really enough serious information on how to control dice for several situations. You can argue pro and con about dice control, but in the end, it should have been explained in the book description. 15 of 17 people found the following review helpful. DON'T BELIEVE ARTIFICIAL REVIEWS!!! By MKI purchased this book because it had high reviews (perfect 5 stars). But the book content has almost no value. You can find more information by going to any other free websites on line (ex. wizard of odds). The book is very poorly written with many spelling errors and mistakes. On top of that the authors artificially inflated rating of this book - probably using their friends and/or family to review it. I gave it 2 stars - just because I think it offers some limited help for a novice craps player. 0 of 0 people found the following review helpful. Nice book By Juan Very informative book. Have read it numerous times before going to the casino for a refresher.

Learn to Play Craps from Part Time Dice Pros is an extensive summary of the game of craps, the story of two men who have become professionals, and their strategies involving the game. If you want to learn to play craps and win, this book is for you. While not some "fool proof" get rich system, this book is simply how to play craps: meant to cover a wide range of skill levels, from the beginner to the advanced player who may be considering going pro.
