THE Zombie Game Survival GuideBy ShinMadman3rdI bought this guide with the fear of getting another crappy guide for a great game like Last year's zombie shooter and the predecessor to this game: Left 4 Dead1. I was sorely disappointed and never used the guide. The information and the way it was presented, in a term, SUCKED! It has been gathering dust the day after I thumbed through it initially. I thought as soon as I saw this guide,,,"OH Hell Naw Not another craptastic guide?!" Well I am pleased to let everyone

know that I was wrong and THIS guide is worth every cent they are asking for. The information and the maps are great. Also the Achievement appendix is truly a must have for doing away with the L4D12 'gurus' out there who know less than my pet Beagle taking a dump on a hill. Also I would like to point out that if you bought this game and guide from anyone else besides .com, you are an idiot. I paid absolutely nothing to get the game on it's release day and came through like always. I also got this guide a day ahead of the scheduled release information stated once it was processed. WAY TO GO AMAZON! After one read through, I am on my way to gathering all of the achievements and am having a blast. The advice the writers give is top notch and worth a field test. You will not be sorry you did. THIS game is harder than you think. Also they do not stress it enough here: STAY TOGETHER AND PLAY AS A TEAM OR DIE! The developers knew what they were doing with this one and I hope you all enjoy this great book for an even greater game!0 of 0 people found the following review helpful. Great Product at a Great PriceBy B4 It's 2 LateThis is a super fantastic great product at a great price. I'm very happy with it and glad I made the purchase. You will be too, so don't wait until they are all gone. Trust me, if I didn't like it, I wouldn't say that I did. I like it a lot.0 of 0 people found the following review helpful.
