VARIOUS : Legends of Radio: The Ultimate Gunsmoke Collection (Legends of Radio) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legends of Radio: The Ultimate Gunsmoke Collection (Legends of Radio):

0 of 0 people found the following review helpful. I personally haven't listened to thisBy KDAI ordered this for my blind, 86 year old, grandfather. It arrived to him very quickly and it made him very happy. He used to listen to this program when he was much younger and appreciated it very much. He told me that it was in very good shape and has not noticed any degredation in the audio quality. (Well, his words were "it sounds really good" I just tarted it up a bit).

Radio Westerns were strictly for the kids until Gunsmoke came along in the spring of 1952. The plots were grim, the deaths vivid and the audience absolutely transfixed. Head back into Dodge for 40 of the finest episodes of the groundbreaking radio series that outlasted all other radio Westerns and spawned TV's longest-running dramatic series. Join William Conrad as Matt Dillon, Parley Baer as Chester, Georgia Ellis as Kitty and Howard McNear as Doc in the continuing "story of the violence that moved West with young America, the story of the man who moved with it." Cassette No. 1, side A, is the audition for the series. Would make a great gift.
