**Michael Knight : Lego Indiana Jones 2: The Adventure Continues: Prima Official Game Guide (Prima Official Game Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lego Indiana Jones 2: The Adventure Continues: Prima Official Game Guide (Prima Official Game Guides):

0 of 0 people found the following review helpful. Good reference for some of the trickier levelsBy G. GonzalezAs game guides go, this one is pretty good. It gives just enough information to get through the levels, but doesn't ruin all the fun by giving exact cut-and-dry instructions. The only thing to note is that this version (or at least, the version I received) didn't include a Nintendo DS-specific write-up. The DS version is a bit different, and it wasn't clear from the

small picture on the page whether it covered DS or not. Luckily, we have the game on both Nintendo Wii and DS, so it was still a good reference for the Wii version. The picture shown on the Prima webpage has "DS" written on the cover, so there's likely a newer version out there somewhere. I'm not sure how one would know if they're getting the newest version when they order from , though.0 of 0 people found the following review helpful. I found the game very satisfying and fun to playBy James MurphyI found the game very satisfying and fun to play. I also liked the way the gameplay was thought out and brought out the best in my gaming experience,0 of 0 people found the following review helpful. Three StarsBy sandhogdidn't hold interest long

Extensive walkthroughs for all three acts of The Kingdom of the Crystal Skull including the new adventures for the three classic films! Detailed area hub maps to get you to your objectives!
