ignorant friends in the 70s said when I recommended Leonard's music: "OH THAT GUY YOU SLIT YOUR WRISTS TO ?" ? ? ? huh ? ? ? These little black books are a great buy. You get all the vocals . . . and the chords. I have bought the Tom Waits AND the Bob Dylan as well. All three are among the finest poets of our time for rock - blues - folk . . . LIFE and LOVE (and HATE lol). All are 'wordsmiths' - taking much effort and time to secure the EXACT appropriate words and feeling for their songs - no matter how long it took. I know it is a cliché BUT they have written the 'soundtrack of my life' . . . and many others as well - I'm sure. And at around \$20 a piece - great value. Recommended - Even if just to see how a great song with beautiful lyrics came about. GOLD. Leonard is still packing stadiums at 75 - probably in more numbers than in earlier years - I know I have helped him with his 'retirement fund' AND enjoyed EVERY minute of it. 0 of 0 people found the following review helpful. Very Handy. By Timothy Dougal. This is a terrific little book if you already know how the songs go. It's got words and chords, but no lead sheet. 0 of 0 people found the following review helpful. A must have for Leonard Cohen fans. By Flower Girl. I can't say enough. I love this book! I can't wait till I'm able to play all the songs. Such a great artist!
