This is NOT the 2nd EditionBy Alison GalbreathThis is false advertisement because I ordered this product and was expecting to get the "2nd Edition" so that it would match up with the rest of the books I ordered that actually were the 2nd Edition. As a result, I was given the older edition and it does not correspond with what I am learning in the newer editions of my other book (Lesson Book). Now, I am not able to use the Theory Book and it was just a waste of my money!1 of 2 people found the following review helpful. Great set for young learners. Time to move up to the next level.By HowzatarI bought the set: - Technique Artistry Level 4 Faber Piano Adventures Second Edition - Level 4 - Theory Book: Piano Adventures - Level 4 - Performance

Book: Piano Adventures - Level 4 - Lesson Book: Piano Adventures
Some of my kids have been playing now for about 2-3 years now and it was time to upgrade one of my younger kids to this level. We want them to have their own set without any markings in them to start fresh. It has been a good set for them to learn with. The format is easy enough to follow and has a lot of options to keep them interested in the set.

This is a new program for my son, we love how they all go together.

(Faber Piano Adventures). Designed to be used in conjunction with the other books in Level 4, this book provides instruction, reinforcement, and creative applications of basic theory concepts.
