It is a great alternative to crossword puzzles. It has pictures that take you around the world so you're never bored! Caution, you'd want to purchase the entire series.1 of 1 people found the following review helpful. Great for adults and childrenBy Bonnie SorensonGreat for adults and children. My grandchildren ages 12, 9, and 5 all loved these books. Plus, I am a grandmother and love to find the differences, too.

A travelogue as well as a game book. It is suitable for readers going on a trip or vicariously traveling - and puzzling - from their armchairs at home.
