One of my daughter's favorites By Mac Aveli Please keep in mind this book does not include the music for Lindsey's original songs, but rather renditions of some of her favorite songs. I was unaware of this because there was very little information about the book when I preordered it. My daughter still loves it though. 7 of 7 people found the following review helpful. Wish there was also accompanist sheet music By rachI wish they sold/printed the sheet music for the accompanist rather than on a CD. CD is good for practice but if

wanted to perform for a recital, live accompanist would be better than playing with a CD. 13 of 13 people found the following review helpful. Great Stuff! By Chari Pashman I bought this for my daughter and she LOVES it! She's an intermediate to advanced student and found it a little challenging but a lot of fun!
