Johann Sebastian Bach, Classical Piano Sheet Music : Little Preludes and Fugues (Dover Music for Piano)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Little Preludes and Fugues (Dover Music for Piano):

Never again By Customer two stars because it is Bach, not more because it is a bad edition, really bad, not the kind for which I usually like Dover, heavily edited, more slurs, articulation and dynamic marks, fingerings etc. than original notes. 2 of 10 people found the following review helpful. Good service, but I have a suggestion. By L. J. Curtis I ordered two copies of 'Little Preludes and Fugues' and received one of them very quickly. The invoice didn't indicate that a second copy would be sent later, and because they only charged me for one copy, and I'd ordered two copies so I'd have an extra, I decided not to contact the seller. I was pleased when the second copy arrived a while later, but it would've been nice to have had that information. The transaction

went smoothly, the books arrived in perfect condition, and I would do business with this seller again.

Beginning and intermediate pianists will appreciate this inexpensive edition of a selection of Bach's small fugues and preludes. Specially arranged and edited by the esteemed musician Giuseppe Buonamici, it features a splendid variety of works all in simple keys, and with helpful notes on fingering. Teachers and students will find this collection an excellent preparation for the rigors of Bach's *The Well-Tempered Clavier*. These pieces alternate major and minor keys, like the preludes and fugues of *The Well-Tempered Clavier*. In addition to offering a systematic, accessible approach to playing more advanced keyboard works, this volume constitutes a satisfying and charming compilation of musical selections.
