BradyGames : LittleBigPlanet Signature Series Guide (Bradygames Signature Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised LittleBigPlanet Signature Series Guide (Bradygames Signature Guides):

5 of 5 people found the following review helpful. LittleBigPlanet, 100% here I come! By Thang Nguyen I purchased this guide thinking I wouldn't have to use it often. As I started to play the game and progress further and further, I noticed I was only getting 60-80% of the items in each stage. Even when I played with friends we still couldn't get 100% of the items. This is where the guide helped out a lot. There's maps for each stage which also shows where each item is and how it could be reached. There is also a checklist in which boxes can be checked as you progress so you know exactly where you're at. That's not an option for me because I like to keep my guides spotless. What I also like about the guide as well is that there is a section dedicated to the creation tools so those who are interested in creating

levels can get an idea of how to make better levels. 0 of 0 people found the following review helpful. Great Guide, Great Price
By Ian Mitchell
I found this book to be very helpful for certain parts of the game. I'm not the type of person who likes to use a guide all the way through a game, it ruins the fun for me. But there are cases when it can save you time. For example, there is a sticker placement in the game that I just could NOT find the sticker for. I eventually referred to the book which told me the sticker doesn't show up until the next level. The most important thing about the book though is the level creation section. I would say this constitutes about half of the book. The game itself has some great tutorials, but I have found this book to be a great reference if I forget how to do something in particular. In addition to the above information, the book has GREAT color and the price seemed very reasonable to me even with shipping from .

By Monica Brown
I was going to purchase this product in another store with a physical location, but it was cheaper here even after including shipping. Also, by buying here it came to me in perfect condition while the ones in store had been played with and beaten up. It was a gift for my little brother and he absolutely loved it. I asked him if he had learned anything and he said yes. He was very proud of the levels he was able to create using this book. It was a great deal and it got to me very fast. I would do it again.

Create! Share! Play! Laugh! Play! Dont get down! We help you through each level and uncover all the secrets! Bubbles! All the little goodies found throughout the world are detailed in the walkthrough! Create! Jump in and create a level of your own! Dont know how? Thats OK! We show you! Laugh! This game is all about having fun! While we show you how to get everything and solve all the puzzles, its still going to be a fun ride! Friend Fun! Some puzzles require another friend, or even a few friends. We tell you which ones and how to solve them! Exclusive 2-Sided Foldout Want Stickers? Materials? Objects? Costume goodies? We got em! Heres a perfect reference for you to snag all the goodies! Platform: PlayStation 3 Genre: Platformer

About the Author
BradyGames, an imprint of DK and a division of Penguin Random House Inc., is the worlds leading publisher of strategy content for PC and console video games. BradyGames understands what gamers both casual and hardcore want and need from strategy guides. Every guide features in-depth content, detailed screen captures, quick-reference tips, and professional strategy. Prima Games is also a leader in the digital strategy realm, offering interactive maps, streaming video, searchable online guides and apps, and a full website at primagames.com.
