Don Catlin : Lottery Book: The Truth Behind the Numbers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lottery Book: The Truth Behind the Numbers:

0 of 0 people found the following review helpful. Five Stars By Goldnuggetgreat6 of 6 people found the following review helpful. Good Reading By Pooda Good reading this book if u are looking for a quick fix to winning the lottery this not it. but it does give some good insight to the games. 1 of 3 people found the following review helpful. Four Stars By ART altamonte spgs. good book.

The Lottery Book: The Truth Behind the Numbers should be read by everyone who plays the state-run lotteries. Despite the fact that we players all know the odds are a million to one against winning those big jackpots, most of us don't know the nature of these games or the math behind them or, yes, how to most effectively play them.

This may be the most important book for those who want...confidence their vacation won't be ruined by a thief. --
Casino City Times
About the Author
Don Catlin, Professor Emeritus of Mathematics at the University of Massachusetts, knows his way around numbers. He has worked for the government designing submarine guidance systems, he's been a consultant to the casino industry concerning game design and results, and he's a regular columnist for Rolling Good Times. Don Catlin is also a player. He knows the thrills involved in challenging chance.
