**Gail Howard : Lottery Winning Systems** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lottery Winning Systems:

0 of 0 people found the following review helpful. Is this really worth buying?By JulietGail Howard admits she's never won the big one or smaller big wins. Makes you doubt any of her systems will help you win without the "dumb luck" she admits she is not blessed with. Maybe dumb luck is better than buying her expensive software...0 of 0 people

found the following review helpful. use it to play--test it out  
By Anna M. Steen  
This is a very interesting concept and I will be using it as i play  
0 of 0 people found the following review helpful. only \$1 and you get some really good lottery systems  
By Dennis  
It worth its money, only \$1 and you get some really good lottery systems!

Sixty Second Lottery Formulas! Gail Howards Lottery Winning Systems turns a game of luck into a game of skill. It takes less than a minute to apply any one of the 12 easy-to-use 60-second formulas in this book. Choose more than six lotto numbers and place them in the corresponding lettered boxes and your numbers are magically (mathematically) combined into the correct combinations to give a specific win guarantee. As with all of Gail Howard's wheeling systems, there is no easier way to combine your lotto numbers. So simple a child can do it. Fast and easy to use as A-B-C! Included is a secret weapon that won six jackpots worth a combined total of \$20 million dollars...also a scientific system that won a \$9.48 million dollar California Lotto jackpot. These systems can be used for any pick-6 lotto game in the world. --Smart Luck Publishers
