He loves going through the book and testing his football knowledge. He's shared the book with friends and has even purchased it as gifts for his football-loving buddies! Highly recommend it! Wish they came out with one for baseball.0 of 0 people found the following review helpful. Good book! Needs answers in book not just in electronic answer bank!!By KamsmommyMy son loves trivia and loves football so this was a great gift that he enjoyed until the electronic portion with the answers died. He can no longer access the answers which really takes away from the book. The answers should be in the book as well which is a huge drawback in my opinion. It is a good book with good trivia and was well used while the electronic answer bank was working. However it just sits on the shelf now!2 of 2 people found the following review helpful.
