Chip Carter : Obsessed With Star Trek before purchasing it in order to gauge whether or not it would be worth my time, and all praised Obsessed With Star Trek:

7 of 7 people found the following review helpful. Awesome, but I have found some mistakes By K. R. Szekely I just received this a couple of days ago and I love it! The only thing is that I have found some questions that they have wrong answers to. So far, I'm about 300 questions into it and have found 3. First, one of the questions asked which character from the original series made a cameo in the premiere of Star Trek: The Next Generation. They have Spock as the answer. The correct answer is McCoy. He played a very old Admiral. Secondly, a question asked who Chief O'Brien married. The correct answer is Keiko. Lastly, Ambassador Nanclus in Star Trek 6 was a Romulan Ambassador. They say he was a Telerite. I hope there aren't many more mistakes. Even with these, I still love it and it will keep me busy when I am bored. I like it better than sitting on the computer for hours on end. 1 of 1 people found the following review helpful. Errors!!!! By Icarus_Dreams Okay book... It's fun, it's easy to use, and a nice quality book... BUT be forewarned, there are actual errors in the book!!! In the voyager section I have found 3 alone. I started there because it's my fave and have been sad to see stupid mistakes and errors. Example. Who played Q's son in "Q2" the answer should be Keegan de Lanci, John's son... But I was told by the book that it was John de Lanci.... Or another question asked about a title of Neelix's daily news report... Then gives crewmen's names for possible answers... :(so apparently according to Obsessed with Star Trek, Neelix named his morning show "joe Carey" 0.o. Let's just forget that it started out as "a briefing with Neelix" before being called "good morning, Voyager." Over all it's a fun book, but hard core Trekkies may need to keep the Star Trek encyclopedia near-by to prove you are right and the books

wrong when quizzing with friends....1 of 1 people found the following review helpful. Excellent product but flawed
By Braddles
This product is very well presented and a great concept. As noted by another reviewer, however, some of the answers are incorrect. I have found 5 so far where the answer given is most definitely incorrect. One that jumps to mind is a question about Doctor Crusher in TNG disliking the nickname "Bones". While I'm sure she probably would not have liked that nickname, she was NEVER called that name throughout the series (the correct answer of course is "The Dancing Doctor"). There are others, but to be fair, I have answered approx 2000 questions so far, so that is not a bad strike rate. I would still recommend this to anyone who is a fan or just wants to know more, about the Trek universe.

This latest title in the wildly popular Obsessed With series is the Star Trek fan's ultimate challenge. More than just a trivia book, this interactive game includes an electronic scoring module that allows readers to quiz themselves or compete against a friend. With 2,500 new questions covering the expansive Star Trek universe, it's easy to test who really knows their ships, Spock, and Starfleet. Drawing from the entire television franchise and all the original films with behind-the-scenes scoop on development of the series and stills from favorite episodes and movies Obsessed With Star Trek is an out-of-this-world treat for Trekkies.

About the Author
Chip Carter co-edited two Star Trek comic book series, developed Star Trek anime trading card lines, sold the story idea for a Voyager episode, and has written for Star Trek Communicator. He lives in San Diego, California.
