**David Cassady : Official Saga Frontier Strategy Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Official Saga Frontier Strategy Guide:

1 of 1 people found the following review helpful. Love this guide!By jessica Moengreat help! A game like this that has so many different routes takes NEEDS a good guide! It walks you through each character and even gives you advice on what to do next after each characters main quest breaks off into the open ended stage. And it tells you how to do the near infinite money trick! Definitely grab this before you start, or even for your next character run through :)0 of 0 people found the following review helpful. This guide has the bare minimum of info for the ...By CustomerThis guide has the bare minimum of info for the game. Its lazily written and has little info on the actually game system. Over half the guide is map pictures.0 of 0 people found the following review helpful. the truthBy

Customer reviews mean it's kind of a weak ass strategy guide tbh and i gave it three stars because I'm in love with the game

The BradyGames SaGa Frontier strategy guide includes lists of all the weapons, magic and bestiary Complete walkthroughs for each of the characters Learn how to play the game to enjoy a multitude of different endings SaGa Frontier is the fourth and latest extension of the popular Romancing SaGa series With its rich and deeply textured 3D environments and its Free Scenario System from the previous Romancing SaGa titles, SaGa Frontier provides players with a great deal of freedom when choosing their own paths of exploration and discovery The game features a large cast of main and sub-characters, in which the player will have the option to choose between seven main characters

.com An epic book for another epic role-playing game from Squaresoft, this exhaustive guide provides everything you need to know about SaGa Frontier. And the book doesn't waste time with introductions and other pleasantries--it jumps right into the thick of things. You'll find complete game walk-throughs for each of SaGa Frontier's seven characters and colorful maps--each comprising 10 or so screen shots that illustrate each of the game's beautifully detailed locations. In addition, each boss and sub-boss confrontation is described in detail, as are the many side quests. A complete bestiary, with statistics on each creature in the game, is also included, along with statistics for every weapon, accessory, and other items available in the game. Attack and magical data is similarly outlined. Simply put, there isn't an aspect to this ambitious game that the guide does not cover. --Michael Ryan From the Publisher
