DatedBy Marshall DennenDon't remember getting grabbed by this one, and it's not current. word word word w o r d w o r d0 of 0 people found the following review helpful. Needs to Be UpdatedBy rharrisThis book needs to be updated. There is a great resource for starting an Internet radio station at Internet-Radio-Station.com. Includes explanations and video tutorials.2 of 2 people found the following review helpful. At one time a great book, but now outdatedBy Wyatt KaldenbergThis is easy to use. Has a great chapter on how to start a radio station by using Shoutcast. It once was a great book, but now it is aging. Use your search first before buying this book. The Net is free and current. If then you are still in need of more info, buy this book. Not every thing is out of date. It is a novice friendly book. Wyatt Kaldenberg
