**Manuel Castillo : Only Extreme Sudoku: 400 Extremely Challenging Puzzles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Only Extreme Sudoku: 400 Extremely Challenging Puzzles:

0 of 0 people found the following review helpful. Hard puzzles to test everything you haveBy bscottwvIf you want extremely difficult puzzles this is it. Study up on the various solving techniques before you give up.0 of 1 people found the following review helpful. Four StarsBy JOHN RICENot for me4 of 4 people found the following review helpful. Challenging, and a great formatBy David B. HerringI very much enjoyed this sudoku puzzle book. The format is large pages with only 2 puzzles per page, and each page has a reference to the applicable solutions page. The difficulty level of the puzzles is definitely high, but there is a variation of the difficulty so I can solve a high enough percentage (currently for me about 35%) to remain challenged and motivated. Also I was made to learn new solving techniques. I am repurchasing the book, and say thanks to Mr. Manuel Castillio.

This book presents 400 extremely challenging sudoku puzzles. The answers are provided at the end, but can you solve

the puzzles without looking?
