**Lawrence Kramer : Opera and Modern Culture: Wagner and Strauss** before purchasing it in order to gage whether or not it would be worth my time, and all praised Opera and Modern Culture: Wagner and Strauss:

0 of 0 people found the following review helpful. Nice and valuable. By Dempsey Carllylemy family , Love this product. just what I was looking for at a reasonable price. Delivery was very fast. so fast, receive it next day . will buy next time . i will purchase it from you next time.

In this enlightening and entertaining book, one of the most original and sophisticated musicologists writing today turns

his attention to music's most dramatic genre. Extending his ongoing project of clarifying music's various roles in Western society, Kramer brings to opera his distinctive and pioneering blend of historical concreteness and theoretical awareness. Opera is legendary for going to extremes, a tendency that has earned it a reputation for unreality. *Opera and Modern Culture* shows the reverse to be true. Kramer argues that for the past two centuries the preoccupation of a group of famous operas with the limits of supremacy and debasement helped to define a normality that seems the very opposite of the operatic. Exemplified in a series of beloved examples, a certain idea of operatic fiction has contributed in key ways to the modern era's characterizations of desire, identity, and social order. *Opera and Modern Culture* exposes this process at work in operas by Richard Wagner, who put modernity on the agenda in ways no one after him could ignore, and by the young Richard Strauss. The book continues the initiative of much recent writing in treating opera as a multimedia rather than a primarily musical form. From *Lohengrin* and *The Ring of the Niebelung* to *Salome* and *Elektra*, it traces the rich interplay of operatic visions and voices and their contexts in the birth pangs of modern life.

Controversial. . . . Paradoxical. . . . The journey is unpredictable and often remarkable.
