Future Press : Operation Flashpoint: Dragon Rising - The Official Strategy Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Operation Flashpoint: Dragon Rising - The Official Strategy Guide:

1 of 1 people found the following review helpful. What one would expect from a game guide. By Daniel S. Ciurro It is what one would expect from a walk-thru guide. It's over 200+ pages with chapters on game play, a break down of each

mission check point to check point, a list and break down of every firearm, vehicle, aircraft, (friendly and enemy) that one encounters in the game. The guide walks the player through each mission one step at a time. It shows several options to accomplish the mission from the easiest way up to the most challenging way to get all of the trophies. It also has a chapter on on-line multi-player. It gives all of the information that the gamer wants/needs to know about the game and game play both by reading the book from cover to cover and by only looking up the information needed to get out of a tight spot in a mission. No codes though, but I did not expect any. I would not pay \$20 for it, but \$10 or less is plenty. Happy gaming.0 of 0 people found the following review helpful. Buy it!By CustomerIf I say buy it, that's saying something1 of 7 people found the following review helpful. not funBy John J. O'brienThis game has to much for the player to do and takes all yhe fun out of the game .recommend not buy unless you buy the manual too, even then the explanations are vague.

Theres no run and gun heroics here. Every bullet can kill you. This is real war, where a solid strategy matters far more than a perfect aim. Youll need to give orders, plan approaches and know when to retreat from losing battles. Well give you everything needed to make the right decisions and ensure your fire team makes it through alive.**TACTICAL GUIDANCE** Learn the real-world military tactics needed to survive Operation Flashpoints skirmishes and battles.
