It is a piano book that makes playing great songs fun and easy for beginning piano players...so easy you can get it and play the songs today, hence the series name. Any negative review is from someone who isn't familiar with the purpose and format of the EZ Play series. The arrangements are simplified, the staff is large, only treble clef notes are written, and the names of notes are

in the note. The chords for the left hand are indicated above the staff, which is how beginning students who might not have mastered the bass clef can play beautiful songs. Yes, this is a piano book. Yes, it is basic and easy. That's why it is in the EZ Play series and it serves its purpose perfectly. Even beginning piano students can have great song selections with this user-friendly series. 0 of 0 people found the following review helpful. Old Favorites By M.J. Amuchastegui I had not had any new music for a while and this was a perfect selection of songs for me. The arrangements are good, and I am enjoying playing my Clavonova again. 0 of 0 people found the following review helpful. Awesome Piano Music book! By M E. Lopez Great music book for beginner and intermediate piano players or for experience person who stop playing and wants to brush up the playing skills!!
