The vocabulary in the puzzles starts out rather easy but gradually become more difficult as the book goes on. It won't teach you a language all by itself but it does make a nice, entertaining little supplement to other language products, courses or just as a way to brush up on your vocab in a language you haven't spoken in a while.I would definitely recommend these books. They're affordable, simple, and offer something to break up the tedium that some language learners experience.I have not had the opportunity to use these in a classroom setting but I think they could make an excellent tool for language teachers of pretty much any age..

No one said learning a language had to be boring! Learning vocabulary can be a long and tiresome process. We try to add some fun to it with these word search puzzles. Spend several enjoyable hours finding the words in each grid and the new vocabulary will slip easily into your brain! Each book contains 360 puzzles in several categories with different levels of difficulty and multiple puzzles for each level. Every puzzle is unique and sure to make your vocabulary acquisition entertaining as well as educational! The categories for this book include: Airport, Animals, Around the House, Birds, Clothing, Family, Food, Fruit, Hotel, Parts of the Body, Restaurant, Vegetables.
