this book is a perfect way to keep a brain in tune!0 of 0 people found the following review helpful. Good collectionBy
Rebecca TinsmanThis collection of Sudoku puzzles is good. The 4s and 5s are challenging enough. My only
disappointment is that this book doesn't have jigsaw or cross sudoku as in previous years.

Your daily dose of Sudoku, for a whole year. Boost your brain with 365 brand new Sudoku puzzles to take you
through 2010. Rather from novice level through to mildly taxing and on to the teeth-grindingly hard, each game comes
with instructions and solutions, meaning there's no reason not to make every day a Sudoku day.
